1. Japanese Knott Weed: roedd y Clerc wedi derbyn galawd ffôn oddi wrth perchennog Ger y Ffynnon bod Japanese Knott Weed yn tyfu yn drwch yn y maes chwarae ac erbyn hyn wedi croesi'r arfon i dir Ger y Ffynnon. Daeth Trevor Higginbottom o Gwmni Advanced Forestry & Garden Services i'n cynghori ar y sefyllfa. Gan bod risg i'w glirio nawr yn uchel (gan y byddai'n hadu), cytunwyd i edrych ar y sefyllfa yn y gwanwyn (tua mis Ebrill) pan byddai tyfiant a chytunwyd i gymryd camau priodol bryd hynny i'w ladd. Bydd trafodaeth bellach yn y cyfarfod nesaf – Medi 2016. The Clerk had received a phone call from the owner of Ger y Ffynnon notifying her that Japanese Knott Weed was substantially growing at the Park. Trevor Higginbottom from Advanced Forestry and Garden Services advised us on the situation. As it is high risk to clear and move the growth now (due to the distribution of seeds) it was agreed to look at the situation in the spring (during April) during it's growth and act accordingly at that time to kill the plant. Further discussion will be held in the next full meeting – September 2016.
2. Cytunwyd i dalu £80 i Owain Jones am dorri'r gwair yn y maes chwarae. Cytunwyd hefyd y byddai'r Cyng. David M. Jones a Ieuan yn gwneud peth gwaith pellach cynnal a chadw o gwmpas ffin y maes chwarae. It was agreed to pay £80 to Owain Jones to cut the grass at the Park. It was also agreed that Councillor David M. Jones and Ieuan would do further maintenance work around the boundary of the park.
3. Cytunwyd i dalu £155 i Technoleg Talieisin am y gwasanaeth domain a chynnal a chadw i'r Wefan. It was agreed to pay £155 to Technoleg Talieisin for the domain host and maintenance work on the Website.
